Introductory

Dear Partner,

Herewith we introduce you the RHINO product range of our company, MPF Holding, which represents a lower price level besides the well-known META brand.

We offer our products to the craftsmen often pottering around since the price-value ratio related to our RHINO products is the most advantageous for these customers of ours.

Its further advantageous characteristic is the variety of the packaging because there are sets of 5-10 pieces of each product.

The number of our products included in the RHINO range has been expanding continuously as new products have been placed on the shelves in accordance with the demand of the customers.

For further information please contact our customer service.

www.mpfholding.com
